

NATIONAL CONFERENCE ON ADVANCES IN ELECTRICAL,
COMPUTER, COMMUNICATION & MECHATRONICS ENGINEERING
2023

ANNOUNCEMENT OF POSTPONED CONFERENCE DATES

This is to notify that the conference dates are rescheduled to 10th and 11th August 2023 and paper submissions dates are extended due the following reasons

As there was a huge demand from participants from outside state requesting to postpone the conference dates so that visiting Goa during rainy season could be avoided.

As the internal test and end semester exam term work are at verge of completion this would lead to less interest in participation of students in the conference activity.

Note: The revised dates for submission of papers is extended and uploaded in college website <https://gec.ac.in/>
